Dr. David Brady

www.DrDavidBrady.com

"Made by Amish craftsmen using organic natural materials with no applied chemicals of any kind... supportive, comfortable, and organic."

Jonathan Agin

MaxCure Foundation

Pediatric Cancer Prevention Initiative

"Childhood cancer is the number one cause of death by disease in the United States for children. 1 out of every 285 children will be diagnosed with cancer. We are proud to engage in a partnership with Naturepedic, an industry leader creating amazing products and a sustainable business model."

Blue Cure Foundation - Medical Advocates

www.BlueCure.org

"Chronic sleep restriction is associated with increased mortality and is now being studied as a possible cancer risk factor. Blue Cure thanks Naturepedic for making healthier products without harmful chemicals."

Mariel Hemmingway

[@marielhemmingway](https://twitter.com/marielhemmingway)

"There's nothing more important than a healthy sleep. Nobody removes toxic chemicals like Naturepedic."
